America's Newest and Best Loved Rose

The Queen Elizabeth Rose

(Pl. Pat. 1259) 1955 AARS Winner

A new breathtaking color in roses—combining Soft Carmine Rose and Dawn Pink.

Imagine! Both on One Bush!—Flowers borne regally single on long straight stems, and gorgeous clusters of blooms as well! With even the bloom clusters having stems long enough so that the flowers can be used individually in vases, flower arrangements, etc.

Yes the Queen Elizabeth Rose is indeed the most unusual and wonderful rose ever offered. In this first winner in the new Grandiflora Class of roses you'll enjoy the profusion of season-long bloom of the Floribunda, as well as the wonderful bud forms, large, long-lasting flowers and splendid cutting stems of the Hybrid Tea.

Color? Simply out of this world! You'll really be thrilled when you see the superb and radiant Pure Pink shade, hitherto found only in choicest Cattleya Orchids, and never before captured in a rose.

The Bush? Here again, you'll find the Queen Elizabeth Rose truly amazing. The entire bush is gloriously clothed right to the ground with glossy, deep green foliage—a beautiful garden picture even when you've picked all the blooms.

America's First Truly Red Rose

Chrysler Imperial

(Pat. 1167)

The Chrysler Imperial Roses is unmatched by any other red rose.

Its vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like lustre of garnet in the folds retains its sparkling beauty.

Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 wide petals. These are borne on sturdy, medium long stems. The opening of each rose is a thrilling spectacle of changing iridescent shades of red.

You will love the sweetly scented flowers with true rose fragrance.

The compact and symmetrical growth of this prize winning rose will enhance your whole garden. Each bush puts forth dark green, semi-glossy, disease resistant foliage in abundance. Even without the thrilling red, red flowers the bush is a handsome garden feature.

WARMEST, RICHEST, MOST RADIANT NON-FADING YELLOW EVER CAPTURED IN A ROSE

Sun Valley

(Pat. Patent 1135)

Symbolizing the breath-taking beauty of Famed Sun Valley. At last—in "Sun Valley"—Germain's presents the warmest, richest, most vibrant yellow ever captured in a rose.

Is true guinea golden yellow holds magnificent brilliant tone in open blooms for days—even in bright hot sunshine—without a trace of fading.

The full, beautiful shaped buds open to large, strong and lasting blooms on long straight stems. The foliage is disease resistant and its vigorous, shining dark green tone forms a perfect foil for the golden flowers borne in season long profusion.

Rose growers, from coast-to-coast in conclusive trials, have found "Sun Valley" the purest, non-fading yellow rose—and one that holds its pure color better—than any yellow rose they have ever seen.

For masses of dazzling sunshine in your garden all season—and long lasting brilliant yellow bouquets—"Sun Valley" should be a must on your rose order.

NEW SPECTACULAR PILLAR ROSE
GROWS 8 FEET HIGH WITHOUT SUPPORT

JUST THINK! You’ll Have Giant Clusters of Deep Coral Blooms... on a SINGLE STEM!

Yes! This amazing rose, the Descanso Pillar, is horticulture’s most exciting new rose. Not a HYBRID TEA, not a FLORIBUNDA, not a GRANDIFLORA, not a TREE ROSE, but a remarkable new type rose that grows to 8 ft. high without support of any kind—THE VERY FIRST YEAR!

The Descanso Pillar is a beautiful background for your other lower growing roses or is outstanding by itself in a special corner nook in your garden. Or plant several and have a living green fence abounding with gorgeous blooms most of the year.

And you can practically pick a BOUQUET on one stem! Clusters of blooms are borne on single erect stems that often measure 3 to 4 ft. high. Single blooms, too, are lasting for days and days when cut for indoor arrangements, bouquets, etc.

ENJOY PERFECT FLOWERS UP TO 6 INCHES ACROSS—All Season Long!

One of the parents of the marvelous Descanso Pillar Rose is the famous All America Rose CHARLOTTE ARMSTRONG. Inherited are not only the unusual vigor and beauty of this popular winner, but the remarkable glossy, deep green foliage. The Descanso Pillar just bursts with bloom month after month, and you’ll be picking literally armloads of perfect deep pink blooms up to 6 inches across throughout the entire season.

Hybridized by Dr. Lammtner, creator of the Queen Elizabeth Rose, Chrysler Imperial, Charlotte Armstrong, etc.

SO VIGOROUS A GROWER THAT SPRAYING & PEST CONTROL ARE PRACTICALLY NUL

As Charles V. Cornill, Oakland, past president of the American Rose Society says, “When I say ABSOLUTELY disease resistant, I mean just that.”

And Clyde Stocking, San Jose rose grower says, “The abundant dark green, glossy foliage showed NO DISEASE during 3-year test... constantly in bloom, too.”

WORLD'S MOST EXOTIC DAISY

DAISIES — CUT 'EM BY THE DOZEN

DAISYMUM — All the sterling qualities which made the double Shasta Daisy a favorite with leading florists, and a best seller on the cut flower market, are enhanced and intensified in the extra large, superb double flowers of German's New Daisymum. The blooms are snow white and fully double to the very center. Plants grow much more vigorously than most daisies and have heavier foliage. Flower stems are rigid and strong. We recommend this variety very highly.

ESTHER REED DAISIES — This is without doubt one of the finest cut flowers that we have today. The blooms are pure white and completely double and are produced in large quantities from June to November. The plants are vigorous and free flowering and produce the blossoms on tall, erect stems. This variety has found favor in the East and large quantities of blooms are shipped from California daily. Bound to be a favorite in your cut flower garden.

THE NEW MAJESTIC DAISY — The grandest daisy introduced in recent years. The white flowers are enormous in size, measuring five inches across. Two rows of petals enhance its beauty. The flower is set off by the handsome yellow cushion and ruffled edged petals. Its keeping qualities are unequalled by any other daisy, and for cut flowers it is rapidly superseding all other single types.
